The following is an examiner's statement of reasons for allowance: Claims 30 and 32-35 are allowable for the following reasons: The rejection of record was already 5 references and the motivation tenuous at best. The amendment would require moving the vent to the reservoir or adding a second vent at the reservoir. While having a hydrophobic vent in a fluid reservoir to remove air and prevent fluid loss is known individually, it would be another modification to the combination of references. As such, it is the examiner's opinion that when viewing the totality of circumstances, there is no motivation to piece together all of the elements to arrive at the claim limitations

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ROBERT L. NASSER whose telephone number is (571)272-4731. The examiner can normally be reached on m-f 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor II can be reached on 571 272-4730. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
